SPECTACLES VS. BLINDNESS.

Vision is justly described as the most important of our senses, and its loss is regarded as one of the greatest afflictions to which mankind is subject.

It is therefore, of paramount importance that we should carefully use our sight, whilst perfect, and that when unfortunately, the help of Spectacles is felt to be necessary, the utmost care should be taken in the selection.

The late eminent Optician, Dr. Scobell Well, testified that he had no hesitation in stating that the haphazard plan of selecting Spectacles—employed by some Opticians—was frequently attended by serious consequences; that eyes were often permanently injured which might, by skilful adaptation of glasses, have been preserved for years.

S. R. GROOM, Esq., F.R.O.S.,
Barrister-at-Law, Singapore.

I have used Glasses for twenty years, and have no hesitation in saying that, those supplied me by you are the best I have ever worn. I wear them with much satisfaction and comfort, and find the frames are especially convenient.

it was deemed of special importance that

it was decided to issue it weekly. Sub-
scribers at Home, and those at the Coast
Ports and in the interior, who find the
Overland a convenient form of newspaper
for their personal use, will welcome the
change. The *Overland China Mail*, now a

THE CHINESE MAIL.

THIS paper is now issued every day.
The subscription is fixed at Four
Dollars per annum, delivered in Hong-
kong, or Ten Dollars Forty Cents
including postage to Coast ports.

It is the first Chinese Newspaper ever
issued under purely native direction. The
chief support of the paper is of course
derived from the native community, amongst
whom also are to be found the
guarantors and securities necessary to
place it on a business and legal footing.

The projectors, basing their estimates
upon the most reliable information from
the various Ports in China and Japan,
from Australia, California, Singapore, Po-
ting, Saigon, and other places frequented by
the Chinese,—consider themselves justified
in guaranteeing a large and ever-increasing
circulation. The advantages offered to ad-
vertisers are therefore unusually great, and the
foreign community generally will find it
to their interest to avail themselves of
them.

The field open to a paper of this description—
conducted by native efforts, but
progressive and anti-obtrusive in tone—is
almost limitless. It is on the one hand
capable of eliciting the interest and
whilst on the other it deserves every aid
which can be given to it by foreigners.
Like English journals it contains Editorials,
News and Local, Shipping, and Commercial
News and Advertisements.

Subscription orders for the above may be
sent to us.
